WHO WE ARE

HISTORY

Over time, Glenmeadow, a not-for-profit organization, has evolved a wealth of service offerings in the community. In 2002, we unveiled Glenmeadow at Home, offering personal care, companionship, care management and home health services, serving older adults living in homes throughout Greater Sringfield.

VALUES

Glenmeadow continues to be a primary resource for older adults, providing premier housing and services with a commitment to the highest levels of quality care. We will enhance lives by offering diverse and meaningful opportunities in response to the changing needs of older adults in Greater Springfield.

Our values—caring, compassion, integrity, quality, and stewardship—infuse our culture and guide everything we do.

GOALS

The goal of our program is to allow today's older adult to be pro-active in their care planning and allow them to remain as independent in the home for as long as possible.
